

Planet Project

a web exhibition of an art series

Overview

This project is a series of drawings of circles on white backgrounds. I want to make a cool website to exhibit the work.

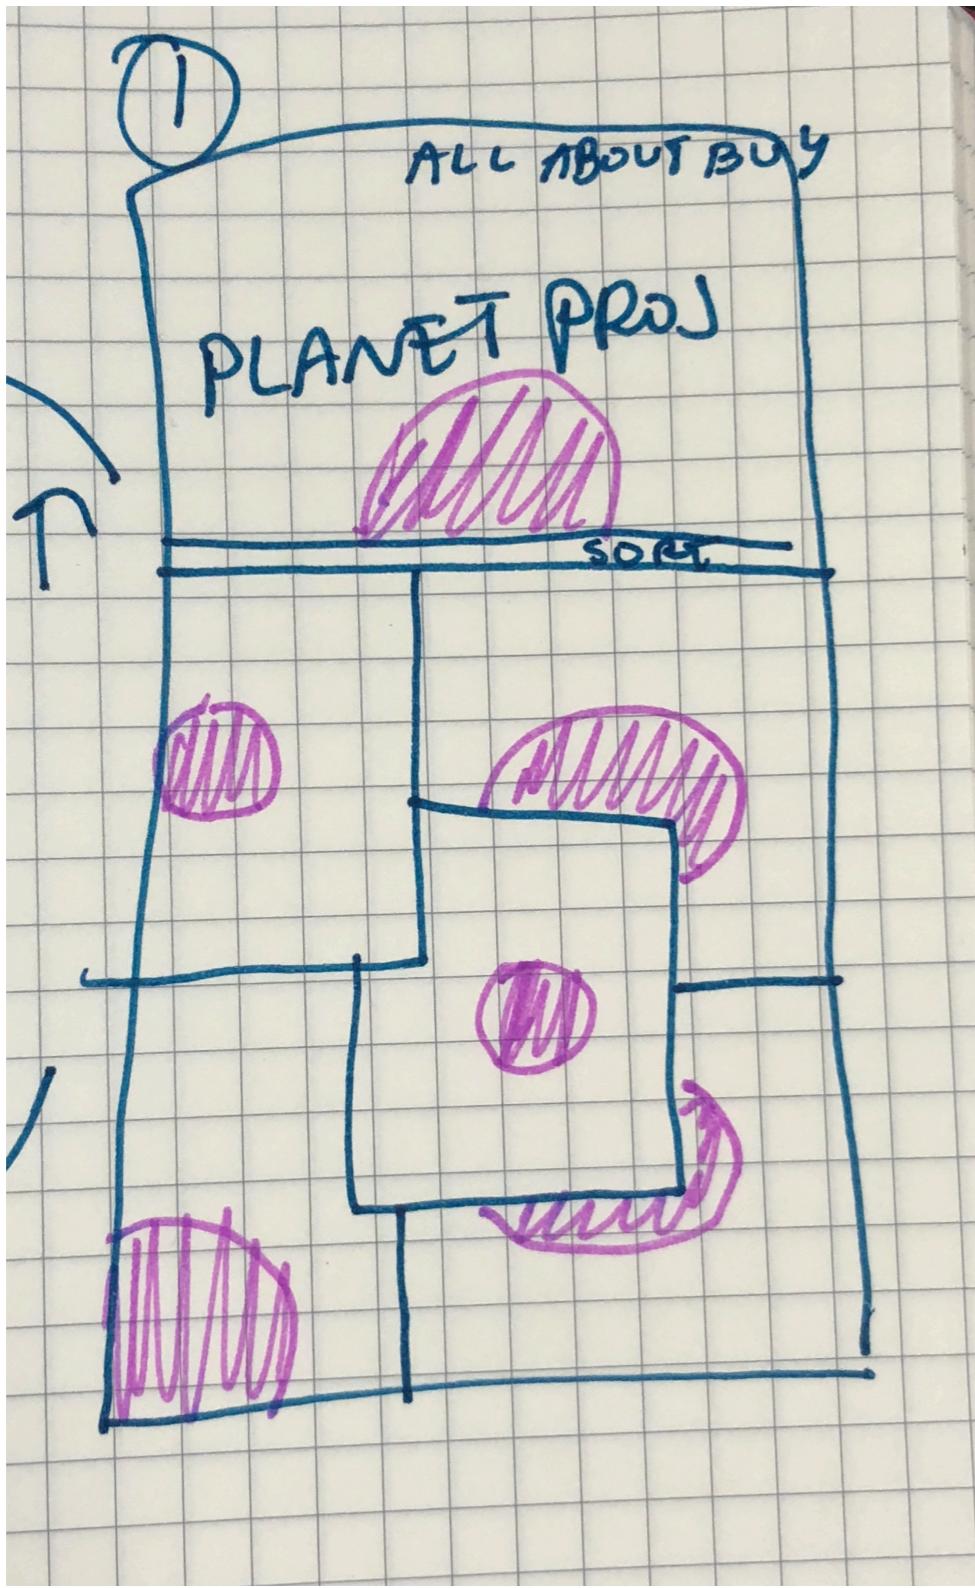

I need to gather photography & scans of the work, and name/brand the art project.

The art

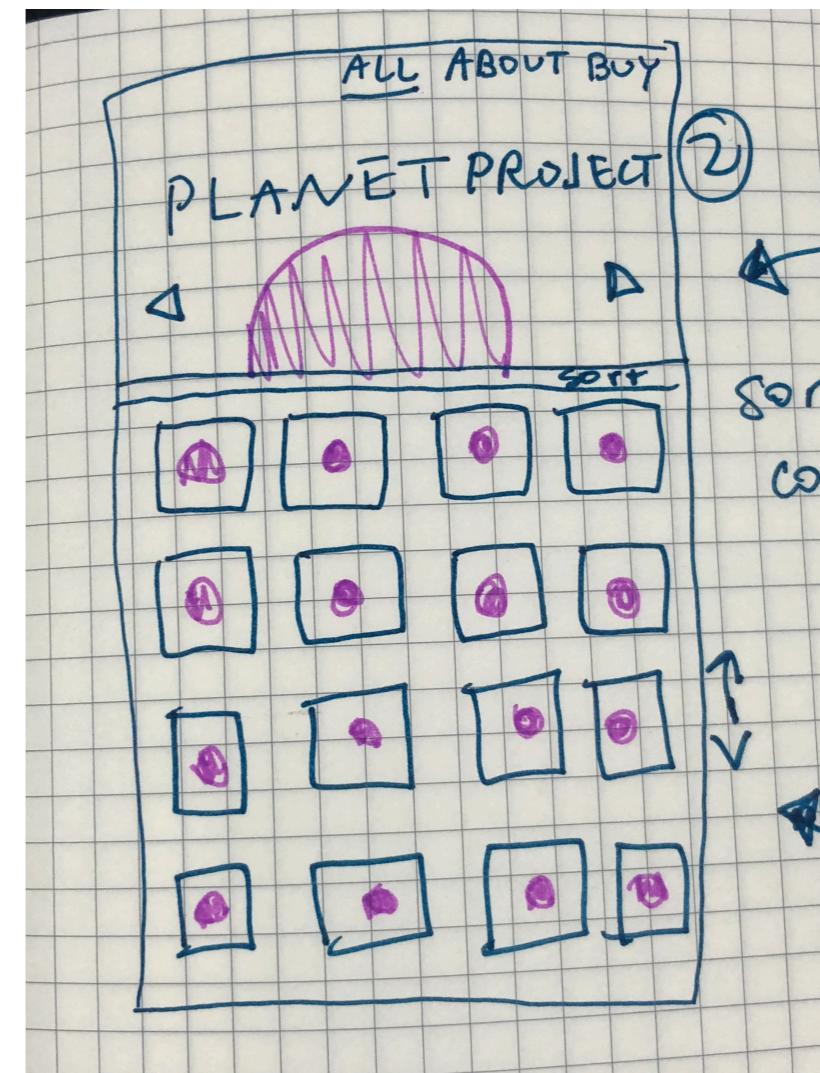

Website sketch/wireframe - Landing page

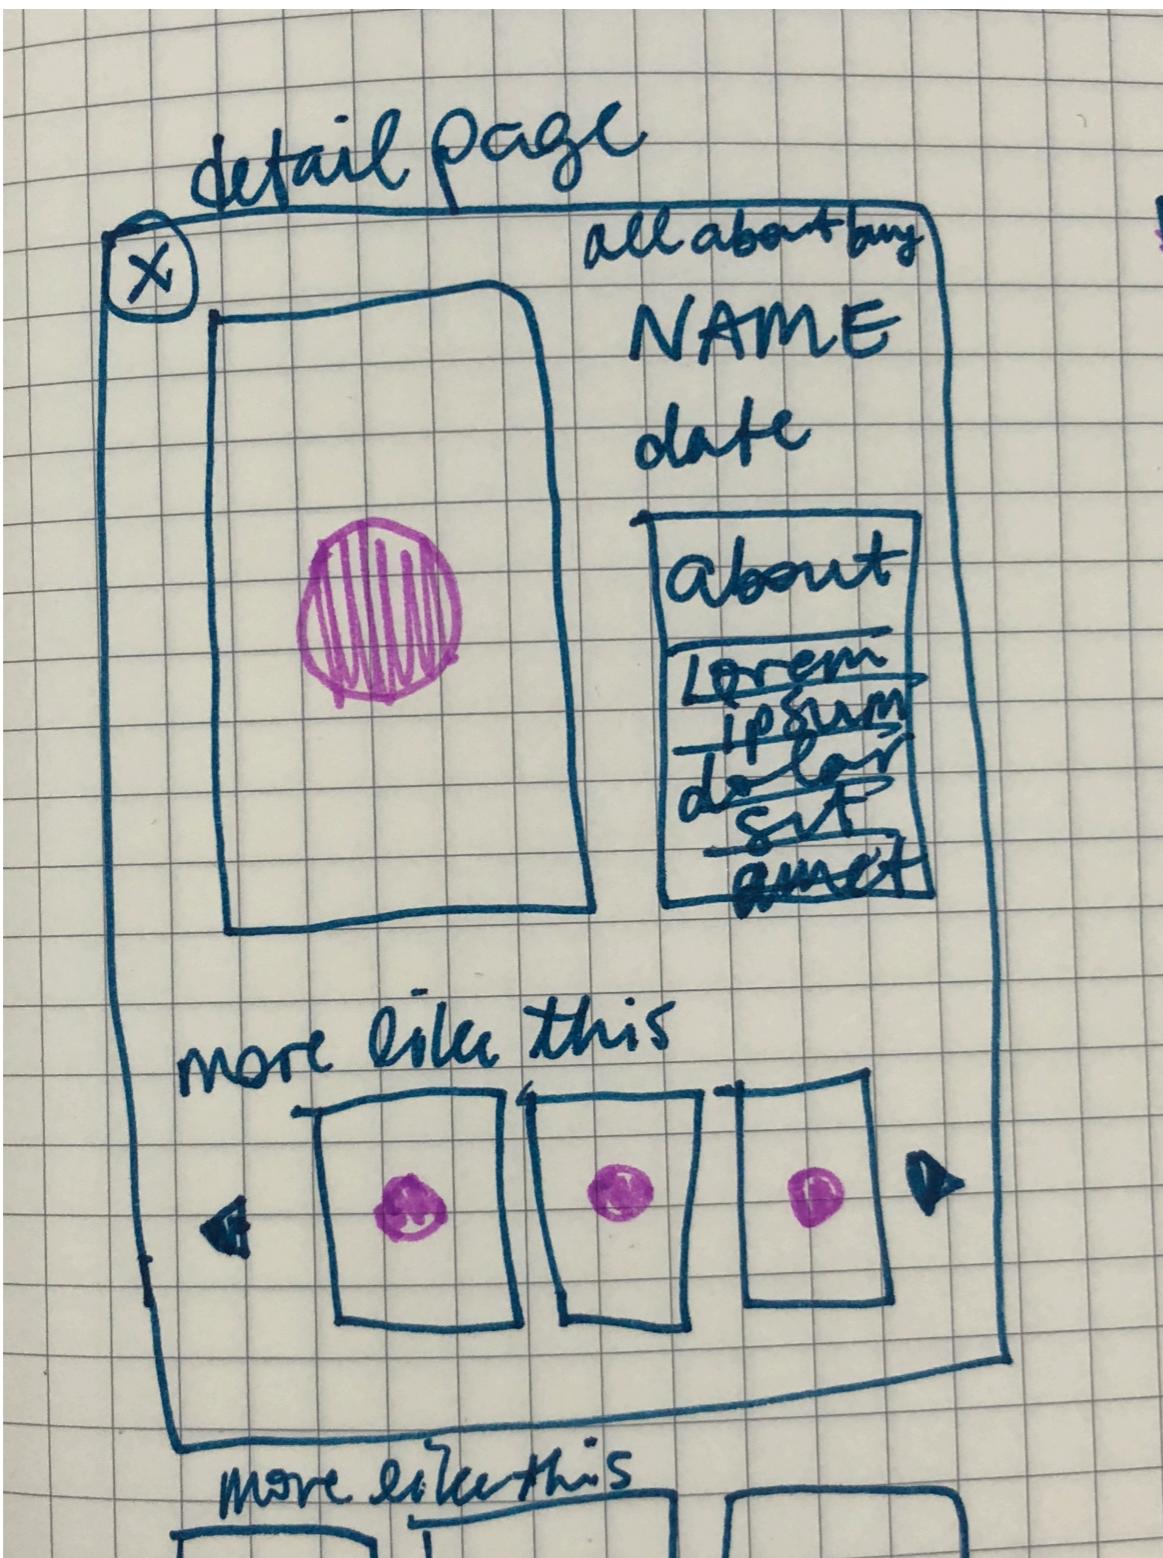

<– Arty layout

That can snap into sorted views

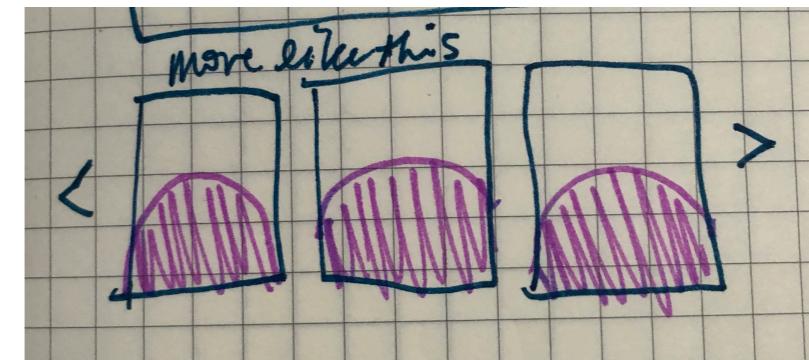

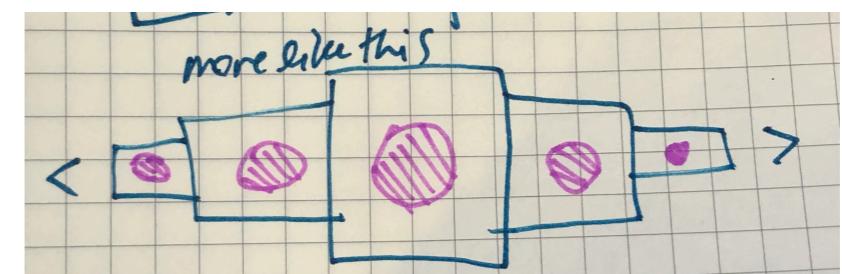

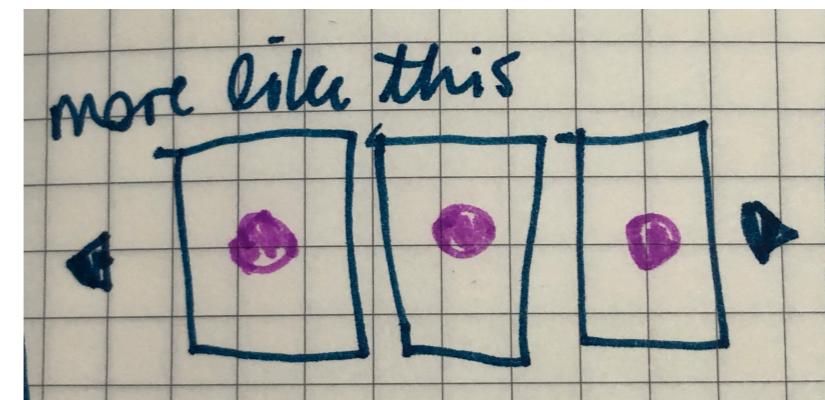

|
V

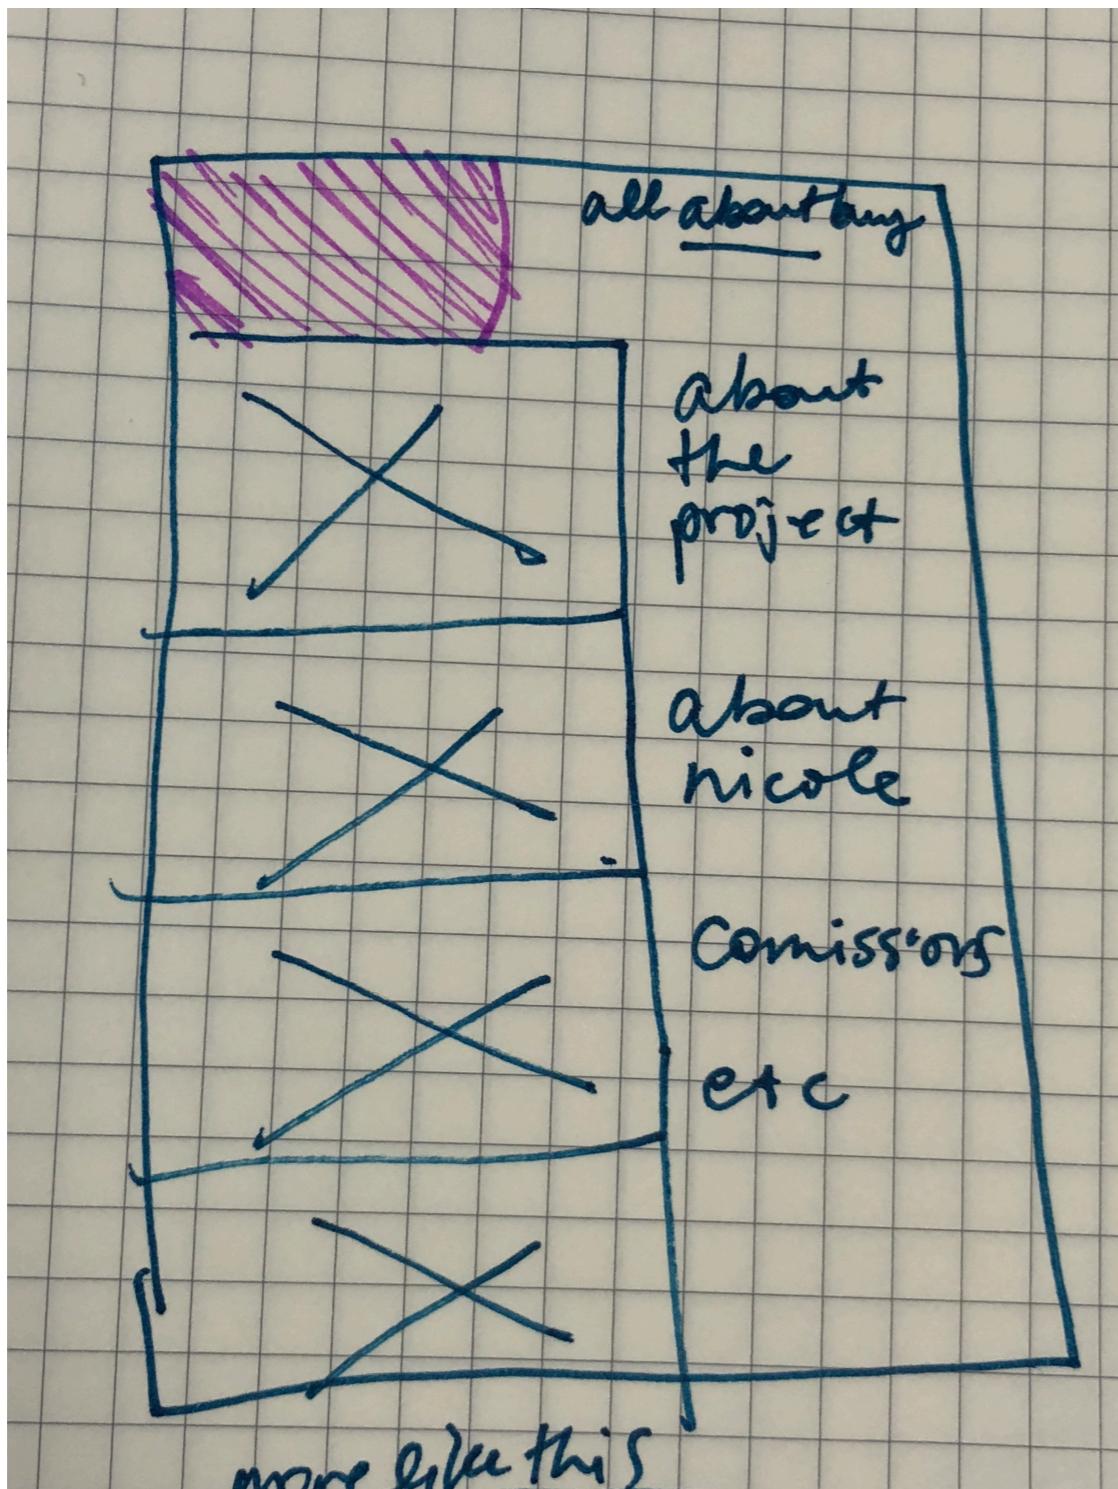

Website sketch/wireframe - Detail page

Could also work as an overlay
Contains “more” view at the bottom

Website sketch/wireframe - About page
